In today's crowded world, it's not necessarily the product or service which helps a company to stand out, but it's the story.

A heritage accumulated over generations. It is the way a company innovates in response to challenges that differentiates it from competitors.

Moleskine helps companies tell their stories. Our notebooks are books to be written, our bags are containers to be filled and our writing instruments fuel to communicate.

We offer simple, thoughtfully designed, functional objects that can be turned into powerful communicators for the world's best brands.

Let's start telling your story together.

## THE COMPANY

# THE WORLD OF MOLESKINE

## THE LEGENDARY NOTEBOOK

The Moleskine notebook is the heir and successor to the legendary notebook used by artists and thinkers over the past two centuries: among them Vincent Van Gogh, Pablo Picasso, Ernest Hemingway and Bruce Chatwin.

Today, it is celebrated in pop culture as a contemporary icon, an inviting blank space where your own words and sketches join you to an ever-evolving relay of creativity.

## A CREATIVE HISTORY

In his book *The Songlines*, Chatwin tells the story of the little black notebook: in 1986, the manufacturer, a small family-owned company in the French city of Tours, went out of business. “Le vrai moleskine n’est plus” are the lapidary words he puts into the mouth of the owner of the stationery shop in Rue de l’Ancienne Comédie where he usually purchased his notebooks. Chatwin set about buying up all the notebooks that he could find before his departure for Australia, but they were still not enough.

In 1997, the company known today as Moleskine brought the legendary notebook back to life.

## OUR MANIFESTO

At Moleskine we believe in the timeless power of handwriting as an essential expression of human civilization, a powerful act to unleash human genius and foster the development and sharing of literacy and knowledge. In a fast-paced technological era, we proudly celebrate the artistry of the human touch; the enduring pleasure of putting pen to paper to unleash your unique voice. We celebrate the solemn, thoughtful and meditative gesture of the pen gliding across a blank page; the romance of crafting a personal story to record a lifelong memory and leave a distinguishing mark in all its unique beauty. Handwriting is both universal and deeply personal. It’s a thoughtful way to express your true self and connect to others in a very intimate yet universally accessible way.

Put pen to paper, and unleash your unique voice.

## WRITE YOUR STORY

“Every Moleskine notebook is a book yet to be written and a story waiting to be told.”

Maria Sebergondi, Moleskine co-founder and president of Moleskine Foundation.

# PERFECT OCCASIONS

## RESELLING

Emilio Pucci is synonymous with bold geometric prints and bright color palettes. The brand became famous in the 1950s for its bright, flowing designs that contrasted starkly with the structured and restrictive outfits of the day. Emilio Pucci's patterns, lines and use of color, inspired by the world around him, continue to influence designers in Italy and beyond today. As part of the company's commitment to reducing waste, each of the 16 Custom Edition Notebooks made by Moleskine is covered with new fabric left over from the production process.

## HOLIDAY GIFTS

This Custom Edition Notebook, featuring the instantly recognizable Nike swoosh, was developed by Moleskine for end-of-year gifting. The American multinational, the world's largest supplier of athletic shoes and sportswear, found the perfect running companion in Moleskine. Nike's mission is to bring inspiration and innovation to every athlete in the world. Innovation and inspiration together represent a statement that deeply resonates with Moleskine objects.

## GIFT WITH PURCHASE

Fiji Water choose Moleskine to create a fully-customized notebook promoting the company's commitment to its water. Bottled at source, Fiji Water filters through volcanic rock and is then protected and preserved from external elements in natural artesian aquifers – right up until you unscrew the cap. Moleskine wanted to celebrate this commitment to quality with a special Custom Edition Notebook for corporate gifting. The notebooks features a striking blue cover and evocative image of Fiji printed across the flyleaves.

## SPECIAL EVENTS

With a history spanning 2 centuries, Brooks Brothers is the oldest retailer in the US. This elegant Custom Edition Notebook discreetly features the brand's Golden Fleece logo on the cover, an historic symbol of the very best quality woolen goods, while the notebook endpapers are printed with some key moments from the company's rich history. Purveyors of quality clothing since 1818, Brooks Brothers is an icon of sartorial creativity and innovation in the US. Moleskine created this elegant Custom Edition as part of the company's bicentennial celebrations.

## TECHNICAL CONSIDERATIONS

1 2 3 4 5

There are many ways to apply a company identity to Moleskine objects, from classic printing techniques to the latest technological advances. You can discover more about each below.

**Note: when printing with debossing and silkscreen, results may vary. Our team will help you make the best technical decision to communicate your story.**

### FOIL DEBOSSING

This technique is the same that has been used for thousands of years to decorate objects using gold leaf. It creates an indentation which can be felt and the result is striking and elegant. It is available for custom editions in a range of colours including metallic colours (commonly gold, silver, copper or bronze). Foil debossing works beautifully with one or more colours, but has some restrictions.

### DIGITAL FOIL PRINTING

This technique produces an effect like foil debossing but without the indentation because it prints flat. This technique is mainly used to add names and initials to notebook covers.

### DIGITAL PRINTING

This is a newer technique that allows us to reproduce full colour text and images, except metallic colours, on a variety of surfaces. Despite having some restrictions, it is a great way to replicate more challenging images.

### BLIND DEBOSSING

Like foil debossing, this technique creates a strong indentation which can be felt. No colour foil is added so the notebook retains its original colour, creating an elegant yet discreet effect.

### SILKSCREEN

Also called serigraphy, this is one of the oldest printing methods still in use today and results in bright, eye-catching colours. It can replicate almost any colour and therefore we always use it in printing logos and company colours. Despite some technical restrictions, this method works well with from one to four colours.

### OFFSET PRINTING

This technique has largely substituted letterpress and lithography due to its higher quality, faster turnover, and lower production costs. It is a paper printing technique that Moleskine uses for all of our paper add-ons such as inserts, paper-bands, flyers and gift boxes. It is available only on paper add-ons and ad hoc projects.
